Needs rated as a 2 on the CANS are actionable and may be a focus of care. Needs rated as a 3 require immediate action. Needs rated as a '1' are potential needs and areas with no need are rated a '0'. A goal for a need is reached when a rating is reduced from a (3 or 2) to a (1 or 0). Use the **CANS Rating Key** to review rating definitions. New needs may arise over time as circumstances change.
